

GET INTO YOUR SANCTUARY

VIRTUAL NATURALIST CRUISE TO THE FARALLON ISLANDS

Get Into Your Sanctuary with Greater Farallones naturalists for an adventure in San Francisco's ocean wilderness. Traveling under the Golden Gate Bridge we will journey 27 miles offshore to the intriguing Farallon Islands and, seas permitting, beyond! While underway we hope to see hump-back and blue whales, seals, sea lions, porpoises, sharks, seabirds such as the tufted puffin and common murre, and other ocean wildlife! Greater Farallones National Marine Sanctuary protects the wildlife, habitats, and cultural resources of one of the most diverse and bountiful marine environments in the world, an area of 3,295 square miles off the northern and central California coast.
