Fundraising
to implement
NOAA
programs

GOAL 1: RESTORE SANCTUARY HABITAT

Value #1: Community Involvement - engagement and inclusion of communities in conserving local coastal and ocean areas.

GOAL 2: KEEP OUR OCEAN WATERS HEALTHY

GOAL 3: BRING BACK WILDLIFE

GOAL 4: BUILD RESILIENT COAST AND OCEAN

Value #2: Ecological Integrity - conservation of critical habitats and ecosystem function for a climate-resilient future.

Blue Carbon In the Sanctuary

In the climate change crisis, the ocean is a victim—and a solution.

GOAL 7: TRAIN THE NEXT GENERATION OF MARINE STEWARDS

Value #3: Environmental Equity - equal access to coastal spaces, ocean science education, and involvement in conservation efforts.

GOAL 8: EDUCATE OUR COMMUNITY

Value #4: The Power of Nature - experiential learning about the natural world fosters environmental stewardship and promotes wellness, health, and community.
