GREATER FARALLONES NATIONAL MARINE SANCTUARY

Greater Farallones NMS Advisory Council Adopts Community Engagement Recommendations of Kelp Recovery Working Group

At its November 14th meeting, the Greater Farallones National Marine Sanctuary Advisory Council voted to approve the community engagement recommendations of the Kelp Recovery Working Group. The community engagement recommendations reflect a broader view of opportunities to engage the public, and intended to break the barrier between developing research and public accessibility of information. The priority for these recommendations is to leverage and grow community engagement and to develop consistent messaging and a comprehensive outreach plan to increase participation and awareness.
